

Group Name: Photographing on a Light Box

Facilitator: Jim Turner

Group Size: 6

Skill Level: Good basic knowledge of your camera and Photoshop. There may not be time to explain some post-processing techniques in detail.

Location: Jim's house, 10207 Lorain Avenue, Silver Spring. Will require walking down stairwell that has no railing in one section.

Days/Dates/Times: Monday evening, 7:30-9:00 pm (date to be arranged)

Number of Sessions/Frequency: One

Equipment Needed/To Be Used: none if we have it at my place.

Brief Description of Content/Approach: I will show how to build a simple, inexpensive light box to illuminate objects (leaves, flowers, etc.) from below, and demonstrate how to take pictures using it along with some dos and don'ts. I will also discuss some possible ways to process your images that go beyond standard LightRoom and Photoshop post-processing techniques.
